XM210

Fingerprint Time Attendance & Access Control Terminal

XM210 is a 3-inch TFT screen Attendance and Access Control Terminal. Adopting the new user-friendly firmware and latest coreboard improves performance, accelerates identification, speed and has more expandability for various customization requirements. What's more the user-friendly interface brings you a new user experience. With built-in 2000mAh backup battery, it can eliminate the trouble of power failure.
RS232/485, TCP/IP, USB-host and optional Wi-Fi and GPRS ensure a smooth data transmission between device and PC. XM210 has an access control interface for weigand-in, weigand-out, door lock, alarm, and bell.
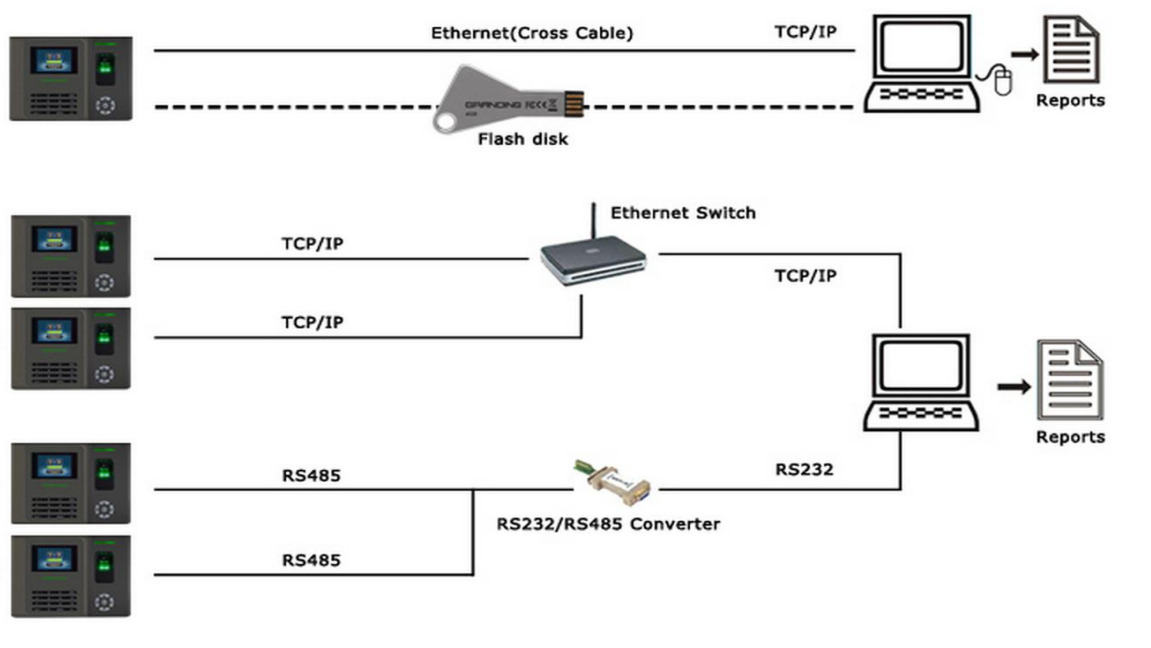

Features

• With new firmware, new high-speed CPU and latest fingerprint algorithm

• High-quality hardware parts make device's stability extraordinary

• Similar android/iOS interface brings more friendly operation feeling and user can define the shortcut keys eaily

• Software and SDK are compatible with the old device

• Data can be encrypted in the device

• Communication support RS232/485, TCP/IP, USB client/host

• User hole management, fingerprint expired date setting, shortcut key setting

• Fingerprint image display, Main screen picture change

• Back up battery for power off

• Multi-languages

Specifacations

Fingerprint Capacity	3,000
Transaction Capacity	100,000
Communication	TCP/IP, USB host/client,RS232/485
Display	3-inch TFT Screen
Attendance Status	Check in, Check out, Break in, Break out, Overtime in, Over time out
Hardware platform	ZMM220
Standard Functions	Workcode,SMS, Automatic Status Switch, Self-Service Query, T9 input, 9 Digits User ID, DLST, Schedule Bell,Photo ID, Back up battery
Optional Functions	ID/Mifare Card, External Printer and Bell, Webserver, ADMS, WIFI, GPRS
Power Supply	110-240VAC-12VDC 1.5A, Li-battery 7.4V 2000mAh
Operating Temperature	0°C ~ 45°C
Operating Humidity	20% ~ 80%
Dimension(L×W×H)	210mm×157mm×50mm
Gross Weight	1.5Kg

Configuration
